

Adult Expansion Medicaid Requirements Q&A

Employer-Sponsored Insurance (ESI) Requirement

What is the ESI requirement under the Adult Expansion Medicaid program?

Adult Expansion members may be required to enroll in their employer-sponsored insurance (ESI). We will tell you if you are required to enroll in your ESI. Once enrolled, Medicaid will reimburse your portion of the monthly premium. We will send you a monthly check to cover your insurance premiums. If you are required to enroll in your ESI and do not enroll, you will no longer qualify for Adult Expansion Medicaid.

If you receive an ESI reimbursement, you will also receive Medicaid coverage. Medicaid will cover your ESI co-pays, deductibles and other out-of-pocket expenses for Medicaid covered services.
