Research has shown that high quality afterschool programs increase prevention awareness and reduce risky or adverse behaviors. GRANTEE further agrees that DWS shall have the right to withhold any or all subsequent payments under this or other Agreements with GRANTEE until recoupment of overpayment is made.
  44. **UNUSED FUNDS:** Any funds paid by DWS that are not appropriately used as authorized by this Agreement must immediately be returned to DWS.
  45. **REDUCTION OF FUNDS:** The maximum amount authorized by this Agreement shall be reduced or Agreement terminated if required by federal/state law, regulation, or action or if there is significant under-utilization of funds, provided GRANTEE shall be reimbursed for all services performed in accordance with this Agreement prior to date of reduction or termination. If funds are reduced, there will be a comparable reduction in the amount of services to be given by GRANTEE. DWS will give GRANTEE thirty (30) days' notice of reduction.
  46. **PRICE REDUCTION FOR INCORRECT PRICING DATA:** If any price, including profit or fee, negotiated in connection with this Agreement, or any cost reimbursable under this Agreement was increased by any significant sum because GRANTEE furnished cost or pricing data (e.g., salary schedules, reports of prior period costs) which was not accurate, complete and current, the price or cost shall be reduced accordingly. The Agreement may be modified in writing as necessary to reflect such reduction, and amounts overpaid shall be subjected to overpayment assessments. Any action DWS may take in reference to such price reduction shall be independent of, and not be prejudicial to, DWS's right to terminate this Agreement.
  47. **FINANCIAL/COST ACCOUNTING SYSTEM:** GRANTEE agrees to maintain a financial and cost accounting system in accordance with accounting principles generally accepted in the United States of America. An entity's accounting basis determines when transactions and economic events are reflected in its financial statements. An entity may record its accounting transactions

and events on a cash basis, accrual basis, or modified accrual basis; however the cash method of accounting is not appropriate for governmental entities. GRANTEE further agrees that all program expenditures and revenues shall be supported by reasonable documentation (e.g., vouchers, invoices, receipts), which shall be stored and filed in a systematic and consistent manner. GRANTEE further agrees to retain and make available to independent auditors, State and Federal auditors, and program and grant reviewers all accounting records and supporting documentation for a minimum of six (6) years after the final payment, or until all audits initiated within the six (6) years have been completed, whichever is later. GRANTEE further agrees that, to the extent it is unable to reasonably document the disposition of monies paid under this Agreement, it is subject to an assessment for over-payment.

**48. DWS COST PRINCIPLES FOR COST REIMBURSEMENT AGREEMENTS:**

- a. Federal cost principles determine allowable costs in DWS grants. GRANTEE may locate the Federal Cost Principles applicable to its organization by searching the appropriate federal government websites.
- b. Compliance with Federal Cost Principles: For GRANTEE'S convenience, DWS provides Table 1 below, "Cost Principles," as a reference guide to the applicable cost principles. However, the information in this table is not exhaustive, and GRANTEE understands that it is obligated to seek independent legal or accounting advice. As shown in Table 1, "Cost Principles," the principles applicable to a particular GRANTEE depend upon GRANTEE'S legal status.

**Table 1: Cost Principles**

<b>GRANTEE</b>	<b>Federal Cost Principles</b>
State/Local/Indian Tribal Governments	2 CFR 200 Subpart E
College or University	
Non-Profit Organization	
For-Profit Entity	48 CFR Part 31.2

- c. Compensation for Personal Services - Additional Cost Principles:  
In addition to the cost principles in the Federal circulars concerning compensation for personal services, the following cost principles also apply:
  - i. The portion of time a person devotes to a program should be disclosed in the budget as a percent of 40 hours per week.
  - ii. Employees who are compensated from one or more grants, or from programmatic functions must maintain time reports, which reflect the distribution of their activities.
  - iii. If total work time exceeds 40 hours in a week and GRANTEE wants reimbursement for the time devoted to DWS programs over 40 hours, the following two conditions must be met: 1) a perpetual time record must be maintained and 2) prior written approval must be obtained from DWS's Finance-Contracting Division
  - iv. Compensation for Personal Expenses: DWS will not reimburse GRANTEE for personal expenses. For example, spouse travel when the travel costs of the spouse is unrelated to the business activity, telecommunications and cell phones for personal uses, undocumented car allowances, payments for both actual costs of meals and payments for per diem on the same day, and business lunches (not connected with training).
- d. Third-Party Reimbursement and Program Income: GRANTEE is required to pursue reimbursement from all other sources of funding available for services performed under this Agreement. Other sources of funding include, but are not limited to, third-party reimbursements and program income. In no instance shall any combination of other sources of funding and billings to DWS be greater than "necessary and reasonable costs to perform the services" as supported by audited financial records. Collections over and above audited costs shall be refunded to DWS.

**49. ADMINISTRATIVE EXPENDITURES:** DWS will reimburse administrative expenses as allowed by the budget terms of this agreement. GRANTEES with a federally approved Negotiated Indirect Cost Rate Agreement (NICRA) must provide DWS with a copy of their approval letter from the federal cognizant agency along with information on the base(s) used to distribute indirect costs.

50. **CHANGES IN BUDGET (Cost Reimbursement Grants Only):** The budget attached hereto shall be the basis for payment. GRANTEE may not make any adjustment in budgeted funds from Category III, "Program Expenses" to either Category I, "Indirect Expenses" or Category II, "Direct Administrative Expenses" or between Categories I and II, without prior written approval by DWS. Expenditures in excess of those budgeted in either Category I or II may be considered questioned costs. Resolution of such questioned costs will normally result in a request that such excesses be refunded to DWS. GRANTEE may, however, shift between either Category I or II to Category III with prior approval from DWS. Expenditures in excess of those budgeted in Category III will not normally result in questioned costs unless restrictions have been placed on subcategories within this major category. When the grant restricts expenditures within defined subcategories, any unapproved excess will be considered a questioned cost.
51. **NON-FEDERAL MATCH:** For those grants requiring a non-federal match, said match shall be:
- Expenses which are reasonable and necessary for proper and efficient accomplishment of the Agreement program objectives.
  - Allowable under applicable cost principles.
  - Not paid by the Federal Government under another award except where authorized by Federal statute.
  - In accordance with the appropriate Federal grant being matched.
  - Invoices submitted to DWS should detail the total cost of program expenditures and should distinguish between which expenditures are match and which are requested for reimbursement.
52. **WAIVER:** A waiver of any right, power, or privilege shall not be construed as a waiver of any subsequent right, power, or privilege. The State does not waive its sovereign or governmental immunity.
53. **NOTIFICATION TO THE INTERNAL REVENUE SERVICE:** It is DWS's policy to notify the Internal Revenue Service of any known violations of IRS regulations.
54. **ORDER OF PRECEDENCE:** In the event of any conflict in the terms and conditions in this Agreement, the order of precedence shall be: (i) this Attachment A; (ii) Agreement Signature Page(s); and (iii) any other attachment listed on the Agreement Signature Page(s). Any provision attempting to limit the liability of GRANTEE or limit the rights of DWS or the State of Utah must be in writing and attached to this Agreement or it is rendered null and void.
55. **SURVIVAL OF TERMS:** Termination or expiration of this Agreement shall not extinguish or prejudice DWS's right to enforce this Agreement with respect to any default of this Agreement or of any of the following clauses: Governing Law and Venue, Laws and Regulations, Records Administration, Remedies, Indemnity, Intellectual Property, Indemnification Relating to Intellectual Property, Insurance, Public Information; Conflict of Terms; Confidentiality; and Publicity.
56. **SEVERABILITY:** The invalidity or unenforceability of any provision, term, or condition of this Agreement shall not affect the validity or enforceability of any other provision, term, or condition of this Agreement, which shall remain in full force and effect.
57. **ERRORS AND OMISSIONS:** GRANTEE shall not take advantage of any errors or omissions in this Agreement. GRANTEE must promptly notify DWS of any errors or omissions that are discovered.
58. **ENTIRE AGREEMENT:** This Agreement constitutes the entire agreement between the parties and supersedes any and all other prior and contemporaneous agreements and understandings between the parties, whether oral or written.
59. **PUBLIC CONTRACT BOYCOTT RESTRICTIONS:** In accordance with Utah Code 63G-27-102 and 63G-27-201, if applicable, GRANTEE certifies that it is not currently engaged in an "economic boycott" nor a "boycott of the State of Israel" as those terms are defined in that Code section. GRANTEE also agrees not to engage in either boycott for the duration of this Agreement. If GRANTEE does engage in such a boycott, it shall immediately provide written notification to DWS.

### Scope of Work Department of Workforce Services Teen Afterschool Prevention (TAP) Grant

#### PURPOSE AND BACKGROUND

The Department of Workforce Services, Office of Child Care (DWS, OCC) supports Purpose 3 of Temporary Assistance for Needy Families (TANF), through funding youth (ages 13 - 18) Out-of-School Time (OST) programs throughout the State of Utah. OCC TANF grants are designed to support quality programming for teens using an evidence-based, nationally recognized Social-Emotional Learning (SEL) or Pregnancy Prevention curriculum and risk factor reduction strategies. Research has shown that high quality afterschool programs increase prevention awareness and reduce risky or adverse behaviors including teen pregnancy. Program participants will demonstrate an increase in protective behaviors and attitudes and a decrease in risky behaviors and attitudes that research has shown correlate with the prevention and reduction of incidences of out-of-wedlock pregnancies.

## Attachment C

### Guidance on Creating “SMART” Outcome Statements

The Utah Education Policy Center (UEPC) offers this document to support the use of **SMART** goal language when writing outcome statements for Region 15 CC projects. SMART stands for: **S**pecific, **M**easurable, **A**ttainable, **R**elevant, and **T**ime-Based (see below). This document serves as a brief guide and resource for how to align expected capacity building outcome statements with SMART goal language. We hope this is a helpful resource to refer back to throughout the writing and editing process.

Specific	Measurable	Attainable	Relevant	Time-Bound
<ul style="list-style-type: none"><li>•The outcome is direct, meaningful, and detailed</li></ul>	<ul style="list-style-type: none"><li>•The outcome is quantifiable and/or specific enough to track progress or success</li></ul>	<ul style="list-style-type: none"><li>•The outcome is realistic and there are the necessary tools and resources to achieve it</li></ul>	<ul style="list-style-type: none"><li>•The outcome aligns with the overall project goal and problem of practice</li></ul>	<ul style="list-style-type: none"><li>•The outcome has a target date or deadline</li></ul>

Below we provide additional guidance on writing SMART outcome statements using a sample outcome statement, with updated language for each component of a SMART goal.

We begin with a sample expected prevention outcome that has not been written using SMART language, and we demonstrate how we apply each of these five components to strengthen our writing:

“Students participating in the AQI program will develop positive interpersonal relationships.”

#### **Specific:**

In this outcome statement, we don’t know what “students participating” and “develop” mean because they are not specific. Let’s imagine that the problem is that students are struggling with positive relationships and are in need of skill development in this area. This outcome becomes more specific when reworded like this:

“Students participating in the AQI program will **show improvement in their skills** related to positive interpersonal relationships.”

**Measurable:** Although this outcome statement is now more specific, we don’t have a way to measure whether it was successfully achieved. One common way to measure whether outcomes are met is by identifying a target percentage.

“**80% of** students participating in the AQI program for **30 days or more** will **show an improvement in their skills** related to positive interpersonal relationships.”

**Attainable:** It is important that outcomes can realistically be attained. Perhaps expecting students to perfect their interpersonal relationships skills right away is not realistic. However, maybe it would be reasonable to expect students to show incremental improvements in their skill development.

“**80% of** students participating in the AQI program for **30 days or more** will **report an improvement in their skills** related to positive interpersonal relationships **as measured through student pre- and post-surveys.**”

**Relevant:** To ensure that an outcome statement is relevant, we recommend referring back to the needs assessment section of the prevention tool. Does the outcome statement align with the problem that was identified? Will the problem initially identified be solved (or at least addressed, in part) by achieving the outcome?

**Time-Based:** We recommend that every outcome start with the phrase “By [date]” so that it is clear when the goal must be accomplished. The target date should also be realistic, so it is helpful to consider the action steps and activities that need to occur, leading up to the outcome being achieved.

“**By May 1, 2021, 80% of** students participating in the AQI program for **30 days or more** will **report an improvement in their skills** related to positive interpersonal relationships **as measured through student pre- and post-surveys**”

Each section of this rubric offers examples of the degree of bridging within a program (afterschool program) and school team partnership. Program staff, along with administrative school day team staff, are encouraged to use this rubric to assess perceptions and engage in dialogue.

Circle the examples that reflect your current alignment practices. This will help you identify alignment “gaps” that can be turned into action plan goals. They can also help identify areas of strength to scale or replicate within your program.

The School Day/Afterschool Alignment Align for Success Project is a collaboration between the Utah Afterschool Network (UAN), Utah Education Policy Center (UEPC), United Way of Salt Lake (UWSL), and the Charles S. Mott Foundation. This self-assessment rubric has input from the Align for Success Task Force which is made up of school day, afterschool, and administrative staff in the greater Salt Lake area. Based on a literature review conducted by UEPC, it incorporates Gil Noam’s research (2003) on afterschool/school day alignment, in which he proposed various degrees of “bridging.” The work of Noam and his associates provided the framework that future researchers have utilized and built upon. Bennett (2015), and Anthony, & Carmichael (2016) studied alignment through the sharing of academic resources, communication, and a sense of partnership.

## Attachment E: TANF Allowable and Unallowable Costs

The TANF program provides funding for a wide variety of employment and training activities, supportive services, and benefits that will enable clients to get a job, keep a job, and improve their economic circumstances. As a general rule, grantees must use the available funds to assist eligible, needy families with a child and to accomplish one of the four purposes of the TANF program:

2. Reduce the dependency of needy parents by promoting job preparation, work and marriage.
3. Prevent and reduce the incidence of out-of-wedlock pregnancies.
4. Encourage the formation and maintenance of two-parent families.

Any use of Federal TANF funds must be consistent with TANF purposes and allowable TANF rules. # ATTACHMENT I: BUDGET INSTRUCTIONS

## Category I: INDIRECT EXPENSES

This category is used if the organization has a federally approved Negotiated Indirect Cost Rate Agreement (NICRA) or chooses a de minimis rate.

- a. NICRA – If the organization has a federally approved rate, it must be used in Category I, unless the organization voluntarily chooses to waive indirect costs or charge less than the full indirect cost rate. A NICRA is established on a cost base(s).
  - In the detail information, list the organization’s NICRA and cost base(s).
  - To determine the amount, multiply the NICRA against the established cost base(s) line item amounts listed in Category III.

If an organization voluntarily chooses to waive indirect costs or charge less than the full indirect cost rate, please note this in the detail information area. Waving indirect costs or charging less will not influence awarding decisions.

- b. De minimis Rate - If the organization does not have a NICRA and would like to choose a de minimis rate, the organization must certify that they are making this choice. Once an organization chooses the de minimis rate, they **MUST** use this across all grants. The only way for an organization to stop using the de minimis rate once certified is to receive a NICRA. Please use caution when making this choice.

The de minimis rate can be charged at 10% of Modified Total Direct Costs (MTDC). MTDC is defined as being: All direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$25,000 of each subaward.

- In the Itemized Details of Grant Funds Requested column, indicate that de minimis has been chosen.
- To determine the amount, determine the MTDC from line items in Category III (see the budget narrative notes for the eligible Category III expenses).
- Multiply the MTDC by 10%. Enter this amount in Category I.

## Category II: DIRECT ADMINISTRATIVE EXPENSES

This category is used if the organization does not have NICRA, does not choose a de minimis rate, or has administrative expenses that are not included in the cost base(s) of their NICRA. If the organization allocates administrative expenses with a cost allocation plan or other basis, those allocated costs should be included here. Any other direct administrative expenses should be listed as well.

- In the Itemized Details of Grant Funds Requested column, indicate how the cost was arrived at, including all items that make up the costs.

## Category III: DIRECT PROGRAM EXPENSES

This category is used for the direct program expenses. Costs should be reasonable, necessary, and allowable under the grant proposal and federal regulations.

- In the Itemized Details of Grant Funds Requested column, indicate how the cost was arrived at, including all items that make up the costs.
