Department of Workforce Services

The State Community Services Office has assembled the following monitoring guides and checklists in an effort to provide comprehensive procedures for monitoring agencies that are awarded subcontracts under the Community Services Block Grant program. These guides and checklists are a work-in-process. As new ideas and innovative techniques and procedures emerge, both through "hands-on" use by our Program Specialists and Fiscal monitoring staff, as well as the continual training and collaborating with others throughout the year, the guides and checklists are modified in an effort to make the monitoring process as efficient and effective as possible.

Section I Monitoring Overview

FEDERAL REQUIREMENT

The CSBG Act of 1998 requires the State CSBG office to monitor designated local Community Action Agencies at least once every three years (42 USC Chapter 106, Sec 9914(a))

STATE LEGISLATION

The State of Utah has designated the State Community Services Office as the lead agency to administer the Community Services Block Grant Program in Utah pursuant to Public Law Section 676B(a)(1).

DEFINITION OF MONITORING

The State Community Services Office (SCSO) defines monitoring as a comprehensive approach to ensuring compliance with Federal, State, Eligible Entity performance goals, administrative standards, financial requirements and Federal regulations governing the CSBG program, including reviewing, assessing, evaluating, and improving the quality and types of services provided by CSBG sub-recipients to low-income individuals and families.

GUIDING PRINCIPLES TO MONITORING

- **Mutual Respect** In working with local boards, staff, and consultants, SCSO recognizes and will value the unique knowledge, ability, and independence of each person. We are committed to treating all persons fairly and maintaining credibility by matching actions with words.
- Open Communication Effective communication is key in facilitating good working relationships amongst partners, and SCSO is committed to keeping lines of communication open. The purpose of our communications is to assist in developing solutions to problems, to share program improvement ideas, and to provide information on new developments in the anti-poverty field. We will communicate frequently through a variety of tools and media. SCSO is committed to listening to suggestions and concerns, to gaining an understanding of local operations, and to assisting local CAAs in pursuing their priorities.
- **Joint Problem Solving** SCSO believes that a team approach to problem solving is in the best interest of all parties involved. Our office sincerely believes that collectively SCSO, the CAA, and our other community action partners can arrive at the best solution to any situation. Through a team approach to problem solving, we can come up with the best strategies for program development, conflict resolution, and compliance issues. SCSO wants to promote an environment in which our office and all our community action partners will be open to change and can work together in exploring options and developing mutually agreeable solutions. The goal is to have agencies function independently but with SCSO support in an effort to meet the needs of local communities within the parameters set by legislation.

MONITORING METHODOLOGY

The Program Specialist is the key contact person between SCSO and the CAAs. This individual performs ongoing monitoring through desktop reviews of the agency's periodic requests for reimbursement and program performance reports. Any problem encountered by the CAA should be addressed with the Program Specialist.

In addition to the ongoing desktop reviews, the following tools, checklists, and guides are currently used by the State Community Services Office to monitor the financial, programmatic and administrative compliance of sub-recipients awarded funding under the Community Services Block Grant program. These guides and checklists were developed over a period of several months utilizing information from various resources, including a review of the monitoring tools used by several other states, organizational standards templates, and in partnership with CAP Utah.

INTRODUCTION TO CSBG MONITORING TOOLS

The CSBG Pre-Visit Questionnaire and Internal Control Questionnaire are sent or emailed out to the CAA at least three weeks in advance of an on-site visit. We have found this method to be quite effective as a representative from the CAA provides the information in advance, allowing the Program Specialist or Fiscal Auditor an opportunity to review the information before the actual on-site visit and customize the review planning process. An electronic version of these tools has been developed to facilitate the response of the CAA within the context of the documents.

The *Monitoring Tool for Program Specialists* is used for interim monitoring visits, and focuses on reporting, governance, client eligibility and program operations.

The CSBG organizational standards provide a standard foundation of organizational capacity for all CSBG Eligible Entities(CEEs) in Utah. The Federal Office of Community Services' Information Memorandum (IM) 138 provides direction on establishing organizational standards by FY 2016 and includes the final wording of the standards developed by the OCS-funded organizational standards Center of Excellence (COE). The COE-developed organizational standards are comprehensive and were developed by and for the CSBG Network through the work of the CSBG Working Group. They work together to characterize an effective and healthy organization while reflecting the vision and values of Community Action and the requirements of the CSBG Act.

Scheduling and Preparation

PROCEDURES FOR SCHEDULING

AND PREPARING FOR

THE ON-SITE

PROGRAMMATIC REVIEWS

Planning the On-Site Visit

Notify the agency by telephone and email least three weeks in advance of planned visit. Ask for input from the sub-recipient's Executive Director/Project Director to select specific date and time and to develop an agenda that serves the needs of all parties. Ask the agency to prepare an electronic or physical file of need documents for review. Via email send the agency director and program manager the notification letter, pre-visit questionnaire, and other documentation listed in the letter.

The Association receives a different notification letter then the CAAs, see the association Monitoring tool for the correct letter.

1- SEND NOTIFCATION LETTER WITH APPROPRIATE ENCLOSURES:

PROGRAM SPECIALIST:

- □ Necessary attachments as listed in the letter
- □ Pre-visit Questionnaire
- Organization Standards and required documentation

2- REQUEST THE FOLLOWING DOCUMETATION

- Documents, data, and systems to be returned with the questionnaire;
 - □ Most recent Board Roster
 - □ Most recent board Minutes
- □ Documents, data, and systems to be made available for onsite monitoring as they related to CSBG
 - ☐ Most Recent CSBG Application and work plan
 - □ Award notification(s) and copy of executed contract/amendments
 - Client eligibility requirements
 - □ Documentation of participation by low income and or homeless individuals in the planning process.
 - □ Documentation of current corrective action plans and audits with accompanying descriptions of progress to date, if applicable.
 - □ Agency service referral list (for review)
 - □ List of all client files for the monitor to choose from.
 - □ Copy of the latest employee and Director's evaluation/appraisal.
 - Documents related to any termination of federal or state funding in the last year
 - ☐ If there are changes please provide the new organizational Chart that relates to the department or agency carrying out the CSBG.
 - □ Board member packet
 - □ Employee policies and procedures

3- OTHER PRE-VISIT PREPARATORY TASKS:

Review pertinent materials in the agency's contract file including:

- □ The contract/amendments
- □ Work Plan/Scope of Work
- Approved budget by categories
- □ Progress & financial reports

Review the following board documents

- □ Last year's board roasters
- □ Last year's board minutes
- □ Last year's board by-laws

Note timeliness of agency's submission of required reports, review previous site visit reports including any follow-up documentation, review agency's most recent independent audit report and any other available monitoring reports such as Head Start PRISM.

Gather all forms, instruments, and other information needed for the site visit, such as monitoring tools, checklists, client list for programmatic & administrative points and guides.

Re: FY CSBG Monitoring Notification Confirmation Letter

Contract# [insert contract #]

Dear [insert name]:

The State Community Services Office (SCSO) will be conducting an on-site monitoring visit with your agency regarding the Community Services Block Grant program for **fiscal year [insert date]**. The visit is scheduled for [**Day, Month & Year** at **Time]**. We appreciate your cooperation and partnership in the CSBG networks efforts to maintain quality services and standards.

Attached to this letter you will find the following documents:

- A Pre-visit Monitoring Questionnaire.
- List of the organizational standards and correlation documentation you should have ready for our review.
- List of other documentation to have ready for our review (these documents may be reviewed during or after the visit)

The <u>Pre-visit Questionnaire</u> must be returned to our office <u>no later than one week prior</u> to the monitoring visit.

This on-site visit should take most of the business day. The purpose of this visit is to review and discuss the following documents for program compliance:

- ✓ Your agency's current program application/work plan/amendments
- ✓ Award notification(s) and executed contract
- ✓ Any relevant correspondence regarding the CSBG contract
- ✓ Any financial reports related to this fiscal year funding
- ✓ For review and discussion progress reports, client files and other documents pertaining to this program

The following are instructions regarding the preparation and assessment of the Organizational Standards issued by the Federal OCS:

- 1- Each CAA is responsible to review each Standard and prepare the documentation that is required.
- 2- Each question will be verified by the SCSO Program Specialist using required documentation.
- 3- If there are standards that your organization believes it cannot meet due to a lack of capacity, resources, please inform SCSO prior to the monitoring visit.

The State CSBG Program Specialist is requesting that the following individuals be available to participate during the time of the monitoring, if Possible:

- HR Manager or equivalent
- Financial Manager or equivalent
- Agency Director,
- CSBG Program Manager or equivalent,
- Case Manager(s) or equivalent,
- and three to four other staff who are billed to CSBG

Lastly, please allow for a 15 minute slot in your governing/advisory board meeting for the program specialist to ask questions relating to the boards roles and responsibilities.

I am looking forward to meeting with you, your staff, and board members you wish to be in attendance for this visit. Please feel free to call me if you have any questions or concerns regarding my upcoming visit.

Sincerely,

In-Office Pre Visit Questionnaire

Standard 5.2 The department's tripartite board/advisory body either has: 1- Written procedures that document a democratic selection process for low-income board members adequate to assure that they are representative of the low-income community, or 2- Another mechanism specified by the State to assure decision-making and participation by lowincome individuals in the development, planning, implementation, and evaluation of programs. 3- Please note under IM 82 for Public Entities the law also requires that a minimum of 1/3 of tripartite board membership be comprised of representatives of low-income individuals and families who reside in areas served. See the CSBG Act and IM 82 for comprehensive guidance. Examples of democratic selection procedures for low-income sector directors include: (1) election by ballots cast by the CEE's clients and/or by other low-income people in the CEE's service area (ballots could be cast, for example, at designated polling place(s) in the service area, at the CEE's offices, or via the Internet); (2) vote at a community meeting of low-income people (the meeting could serve not simply to select low-income sector directors but also to address a topic of interest to low-income people); (3) designation of one or more community organization(s) composed predominantly of and representing low-income people in the service area (for example, a Head Start policy council, low-income housing tenant association, or the board of a community health center) to designate representative(s) to serve on the CEE's board. **State Assessment of Organization:** ☐ Met-The CEE has met the requirements of the Standard as written. □ Not Met – The CEE has not met the requirements. * *if this standard is not met the Corrective action is either a T/TAP or a QIP. Standard 4.3 The department's Community Action plan and strategic plan document the continuous use of the full Result Oriented Management and Accountability (ROMA) cycle or comparable system (assessment, planning, implementation, achievement of results, and evaluation). In addition, the department documents having used the services of a ROMA-certified trainer (or equivalent) to assist in implementation. While a ROMA trainer (or equivalent) must be involved, it is up to the department to determine the manner in which this individual is utilized. Examples include: involving the trainer in strategic planning meetings, consultation on implementation, etc. This includes involving a ROMA trainer (or equivalent) in the course of ROMA-cycle activities such as the community assessment, strategic planning, data and analysis, and does not need to be a separate activity. **State Assessment of Organization:** ☐ Met-The CEE has met the requirements of the Standard as written. □ Not Met – The CEE has not met the requirements. * *if this standard is not met the Corrective action is either a T/TAP or a QIP. See Monitoring Policies. **Documents Used:** ☐Certified ROMA ☐ Agreement with ☐Strategic plan ☐ Community action trainer in the certified trainer not (including appendices) plan (including within the department appendices) department ☐ Meeting summaries □ Other of ROMA trainer participation **Comments:** Standard 4.4 The tripartite board/advisory body receives an annual update on the success of specific strategies included in the community action plan. The CSBG Act requires that boards be involved with assessment, planning, implementation, and evaluation of the programs: this standard supports meeting that requirement. This standard is met by an update being provided at a regular tripartite board/advisory body meeting, and documented in the minutes. The update provided to the tripartite board/advisory board may be written or verbal. The update provided to the tripartite board/advisory board should include specific strategies outlined in the Community Action plan and any progress made over the course of the last year, or by another period of time as determined by the board that is less than one year. **State Assessment of Organization:** ☐ Met-The CEE has met the requirements of the Standard as written. □ Not Met – The CEE has not met the requirements. **Documents Used:** □Community Action ☐Board minutes ☐Board pre-meeting □ Other plan update/report materials/packet **Comments:**

3.1 ORGANIZATIONAL STANDARDS SECTION 6 STRATEGIC PLAN

Standard 6.1 The department has a strategic plan, or comparable planning document, in place that has been reviewed and accepted by the tripartite board/advisory body within the past 5 years. If the department does not have a plan, the tripartite board/advisory body will develop the plan.				
 This is intended to be an department-wide document, not a list of individual program goals This would be met through the Board voting on a motion to accept the strategic plan at a regular board meeting and documenting this in the minutes.

Standard 6.2 The approved strategic plan, or comparable planning document, addresses reduction of poverty, revitalization of low-income communities, and/or empowerment of people with low incomes to become more self-sufficient.				
 These are the purposes of CSBG as laid out in the Act. These specific terms are not required, but the Plan needs to include one or more of the themes noted in the standard.

Standard 6.5 The tripartite board/advisory body has received an update(s) on progress meeting the goals of the strategic plan/comparable planning document within the past 12 months.

- The CSBG Act requires that Boards be involved with assessment, planning, implementation and evaluation of programs; this standard supports meeting that requirement.
- The standard would be met by an update provided at a regular Board meeting, or a planning session, and documented in the minutes.
- The update provided to the tripartite board/advisory board may be written or verbal.
- The update provided to the tripartite board/advisory board should include goals outlined in the strategic plan and any progress made over the course of the last year, or by another period of time as determined by the board that is less than one year.

SECTION 4 – PROGRAM PERFORMANCE AND ANALYSIS

4.1- PROGRAM PERFORMANCE REVIEW

As part of the exit interview, and based on information obtained during the monitoring visit, discuss the following with the agency's Executive Director or other responsible staff:

PROGRAM OBJECTIVES	Yes	No	Comments
Is the agency on track to meet the goals and objectives stated in			
the application and Scope of Work by the end of the contract			
period?			
Is the agency fulfilling its responsibility to establish and			
maintain an effective internal control system to ensure that:			
Appropriate goals and outcome measures are met;			
Resources are safeguarded;			
Rules and regulations are followed; and			
Is the agency fulfilling its responsibility to use resources			
efficiently, economically, and effectively to achieve the			
purposes for which the CSBG funding was provided?			
Is the number of unduplicated persons served, as shown on the			
semiannual and annual reports, reconciled?			
Has the agency received any grievances regarding CSBG related			
programs?			
Has the agency received any grievances regarding any of its			
program / service delivery?			
In the last/current FY year did the organization have any Federal			
or State funding terminated or reduced?			
Are all client service locations and meetings accessible to			(notice during the walk
persons with disabilities?			through)
Does the agency have in place an effective system for tracking			
and reporting the number of clients transferring out of poverty			
as a result of the services provided by the agency?			

GENERAL OPERATIONAL ISSUES	Comments
How does the agency address language barriers with the	
clientele in their service area?	

ROMA REPORTING	Yes	No	Comments
Has the agency developed a system, or does the agency use the			
existing ROMA system, to provide a description of outcome			
measures to be used to measure performance in promoting self-			
sufficiency, family stability, and community revitalization?			
Reference: CSBG Contract, Attachment B, Item.19.			

4.2- REPORTING REQUIREMENTS

Meet with the Financial Manager to determine the following questions. Each question must be verified with documentation.		No	Comments
As of the date of this monitoring, how far into the current contracting period is the agency?			
Is the agency on track to draw down the remaining balance of the award within this contract period?			
Percentage wise, how much has the agency drawn down during this contracting period?			
Is the agency comparing budgeted vs. Actual expenditures? How Frequently? (monthly is the Standard)			

4.3 ORGANIZATION STANDARDS SECTION 9 DATA AND ANALYSIS

Standard 9.1 The department has a system or systems in place to track and report client demographics and services customers receive.					
 Some funders require their own systems be used; the department may or may not have a department-wide system in place. As long as all services and demographics are tracked, this standard would be met. The CSBG Information Survey data report already requires the reporting of client demographics. This standard does not require additional demographic data collection/reporting.

5.2 ORGANIZATIONAL STANDARDS SECTION 1 CONSUMER INPUT

Standard 1.1 The department demonstrates low-income participation in its activities.							
 The intent of this standard is to go beyond board membership; however, board participation may be counted toward meeting this standard if no other involvement is provided. The tripartite board is only one of many mechanisms through which CEEs engage people with low-incomes. Participation can include activities such as Head Start Policy Council, tenant or neighborhood councils, and volunteering, etc. Though not mandatory, many CEEs meet this standard by including advisory bodies to the board.

	Standard 1.2 The department analyzes information collected directly from low-income individuals as part of the community assessment.					
	 This standard reflects the need for CEEs to talk directly with low-income individuals regarding the needs in the community. Analyzing the information can be met through review of the collected data by staff and/or board, including a review of collected data in the written community assessment, with notations of this review in the assessment's appendix, committee minutes, etc.

	 This standard does not imply that a specific satisfaction level needs to be achieved. Documentation is needed to demonstrate all three components in order to meet the standard: 1) collection, 2) analysis, and 3) reporting of data. A systematic approach may include, but not be limited to, surveys or other tools being distributed to customers annually, quarterly, or at the point of service (or on a schedule that works for the individuation CEE). Standard 2.1 The department has documented or demonstrated partnerships across the community, for specifically identified purposes; partnerships include other anti-poverty organizations in the area.

- Specifically identified purposes may include but are not limited to: shared projects; community collaborations/coalitions with an identified topic e.g. domestic violence, homelessness, teen pregnancy prevention, transportation task forces, community economic development projects, etc.; contractually coordinated services; etc.
- Partnerships are considered to be mutually beneficial arrangements wherein each entity contributes and/or receives: time, effort, expertise and/or resources.
- The IS Report already asks for a list of partners. The intent of this standard is not to have another list, but to have documentation that shows what these partnerships entail and/or achieve.
- These could be documented through MOUs, contracts, agreements, documented outcomes, coalition membership, etc.

Standard 2.2 The department utilizes information gathered from key sectors of the community in assessing needs and resources, during the community assessment process or other times. These sectors would include at minimum: community-based organizations, faith-based organizations, private sector, public sector, and educational institutions

- Documentation is needed to demonstrate that all five sectors have been engaged: communitybased organizations, faith-based organizations, private sector, public sector, and educational institutions. There is no requirement for how many individual organizations the CEE must contact, or what data is collected.
- If one or more of these sectors are not present in the community or refuses to participate, then the CEE needs to demonstrate the gap or a good faith effort to engage the sector(s).
- Demonstrating that the department has "gathered" and "used" the information may be met in a variety of ways including, but not limited to: summarizing the data in the Community assessment

or its appendices; documentation of phone calls, surveys interviews, focus groups in CEE files (hard copy or electronic); documentation in planning team minutes; summary reports on the data shared at board meetings or board committees; etc.

SECTION IV CONCLUDING THE ON-SITE VISIT

THE EXIT CONFERENCE

The forgoing tools and checklists were designed to provide guidance for SCSO staff to conduct an overall comprehensive review of the CAA's operations. Throughout both the programmatic and fiscal review process there should be ongoing, open communication with the CAA's staff to facilitate clarification of facts and prevent misunderstandings, provide the reviewer with a full understanding of the CAA's operations, and provide the CAA with a full understanding of the monitoring process.

SCSO staff should strive to ground their judgments in fact, based on what they hear, observe or read. SCSO reviewers should document relevant details of the agency's activities and performance during the on-site visits, including taking notes while interviewing agency staff and during their attendance at the agency's board meetings.

Preliminary areas of noncompliance should be summarized and discussed with CAA Executive Director and/or designated staff during the exit conference. Copies of specific documents, supporting schedules, and reports obtained during the site visit to facilitate preparation of the report should be discussed during the exit conference. The grantee is given the opportunity to provide comments and present additional information or explanation regarding a specific finding before it is included in the report.

THE REPORT

Monitoring and Standards results will be provided in the same format and report. Each deficiency and/or area of noncompliance will be identified by a topic line, and include a brief description of how the grantee is out of compliance with a program requirement or standard. A brief description will be provided for each deficiency. Each noted problem or deficiency should be presented in a logical manner, with reference to supporting evidence and without ambiguity of meaning or confusion of terminology. The specific program requirement, OMB Circular reference, or other regulation should be cited, along with a clear explanation as to why the evidence gathered leads the SCSO reviewer to conclude that the agency is not in compliance.

The report will include specific timelines for any required and agreed upon corrective action. Copies of the report will be provided to the agency's Director and to the CAAs Governing Board.

Example of how findings are reported:

Subject: Board Members have not received ROMA training. 7/22/15.

Description: upon review of the governing board's minutes the program specialist discovered that no board members have received ROMA training, the monitoring tool and organizational standards require that governing boards receive ROMA training.

Corrective Action Plan Type: CAPL

Plan Description: after reviewing this finding with the ABC agency, the Agency and the SCSO have decided that a CAPL will be in place until this standard is met. The target date for the CAPL to be complete is 10/15/2015. The outcome is, ROMA training by a ROMA trainer at the next board meeting.

Date to be complete: 10/15/2015 **Date of follow up:** 10/17/2015

Responsible Party: SCSO Program Specialist

Required Documentation: Most Recent Board Minutes and training material

The SCSO Program Specialist who conducted the monitoring will submit a report back to the CAA within 14 business days after the monitoring or assessment is complete and after review and approval from the SCSO Director. The CAA is required to respond in writing to each of the deficiencies and observations mentioned in the report, including a detailed plan for taking corrective action and or assistance that is needed. The CAA's response is due within 14 business days after receipt of SCSO's monitoring report. The CAA's plan for resolution and corrective action will be reviewed by SCSO staff to ensure that all deficiencies have been adequately addressed. Reporting timeline requirement, differ for QIP, see step (7) under the corrective action section (below).

The SCSO Staff will review the agency's prescribed corrective action and will either approve or disapprove. If disapproved, the SCSO Staff and CAA Director will discuss and plan different and more appropriate corrective action and or training. The CAA is responsible for drafting the new corrective action plan(s) and submitting it to the State for final approval. After receiving the new plan the SCSO will respond with approval or changes if needed to the CAA within seven business days.

Re: On-site Monitoring Review(s):

[Program CSBG] – [Contract #]

Dear [insert name],

I want to thank you and each of your staff for taking the time to meet with me regarding the above program and contract. It is always a pleasure visiting your office and facilities and hearing about the services that your agency provides to low-income families and individuals. Thank you for your efforts and your time; it is greatly appreciated by our office and staff.

I want to commend and thank you for your hard work and diligence administering the above programs and striving to meet the requirements and standards of each one.

This letter contains an overview of the monitoring that occurred on [insert date]. Below are a list or the strengths as well as any deficiencies and areas of noncompliance found during monitoring. Each strength, deficiency, or area of noncompliance is labeled with a topic line followed by a description and other supporting information as needed, such as corrective action plans, timelines, and expected outcomes.

If there are areas of noncompliance listed, the agency is required to respond, in writing, within two weeks of receipt of this letter. If there are only strength related comments, the response needs to be an acknowledgement of receipt. If there are deficiencies or areas of noncompliance your response must also include the following:

- ✓ A copy and paste of the deficiencies, as they are provided below; with an accompanying
- ✓ Written statement of acceptance for each corrective action and the agencies plan to implement the prescribed plan(s), accompanied by a timeline and expected outcomes;
- ✓ <u>If the agency disagrees</u> with the prescribed corrective action plan(s), the agency needs to provide an alternate plan with a detailed description and accompanying timelines and outcomes.

If you have any questions regarding what is required, or if you need an extension on the two week requirement, please contact me.
