SPRING 2025

KEEPING UTAH'S ECONOMY STRONG

UNEMPLOYMENT INSURANCE (UI) is crucial for a strong economy and a skilled workforce in Utah. It's a joint state and federal program that offers financial stability to workers. Employers contribute to a state trust fund, which then provides temporary financial support to workers who lose their jobs through no fault of their own. This assistance helps them support their families while searching for new employment. By providing this support, UI helps keep money flowing in the economy during downturns, which in turn helps businesses stay operational and maintain a skilled workforce in Utah.
